

# SUYASH SONAWANE

38 Clearway St Apt #1, Boston, MA 02115 • 857-210-7077 • suyash.ps@gmail.com

Available from Jan 2014

## SUMMARY

---

- 5+ years into developing enterprise & web apps using Java/J2EE, Javascript/HTML/CSS
- 2+ years into requirement gathering for UI design & building custom software

## EDUCATION

---

**M.S. Computer Science** Jan 2013 – Dec 2014 (Expected)  
*College of Computer & Information Science, Northeastern University* Boston, MA

- Related Courses : Mobile Application Development (Android), Data Mining, Web Development

**B.E. Computer Science** Sep 2001 – Jul 2005  
*College of Engineering Pune, University of Pune* Pune, India

## TECHNICAL KNOWLEDGE

---

- Programming : Java, JavaScript, HTML/CSS, C/C++ (on Windows/Linux)
- Frameworks/API : J2EE, Spring, Hibernate, jQuery, Backbone.js, Citrix XenApp/XenServer
- Database : MySQL, Oracle, Microsoft SQL Server

## WORK EXPERIENCE

---

**Java Development Intern** May 2013 – Aug 2013  
*Attivio Inc.* Newton, MA

- Developed JavaScript based type-ahead website search widget for Attivio.com
- Integrated Salesforce data using Attivio's Active Intelligence Engine®

**Front-End Enricher** Aug 2012 – Nov 2012  
*HomeYaar Technologies Private Limited* Pune, India

- Built a social recruitment web-app for an upcoming start-up from concept to design
- Created UI prototypes & designed web pages using HTML/Backbone.js framework
- Wrote web-services in Java to exchange data with backend through JSON objects

**Technology Lead** Apr 2010 – Jun 2012  
*Infosys Limited* Jacksonville, FL, Springfield, IL, Pune, India

- Interviewed end-users, developed use cases & provided recommendations on UI development for custom software to streamline AT&T's customer care operations across United States
- Setup a Citrix XenServer cluster and wrote a client using XenApp SDK for accessing applications deployed on virtual Windows Server 2008

**Technology Analyst/Software Engineer** Jul 2005 – Mar 2010  
*Infosys Limited* San Ramon, CA, Pune, India

- Transformed business requirements to technical requirements & guided software delivery from on-site with three member development team at off-shore location
- Analyzed complex J2EE applications and identified impacts of introducing new features
- Wrote Java/JSP code, SQL queries, stored procedures and triggers for implementing new features in multi-tier order management systems for AT&T
- Awarded with Infosys Spot Award on three occasions for various programming initiatives

## ACTIVITIES & INTERESTS

---

- Motorcycle Touring – Group riding expedition in Himalayas, India (2007)
- Cricket – Opening batsman, Infosys. Midwest Cricket Conference League, Chicago (2011)
